Super Quick

You don't have to wait for an HD movie to stream. Why should you have to wait hours or even days for your money to arrive? Paybase leverages Paycoin – the world's most advanced cryptocurrency – and Hybrid Flex™ technology to make payments send in seconds, safely and securely. You just login, select your recipients, and send your funds. Their payment arrives instantly. And sending payment requests or invoices is just as easy. You can send money to a friend, pay your bills, or invoice clients faster and easier than ever. Paybase lets you live life on your terms, not banking hours.
