Chew stiXX

Advanced Biting Technology

- When used properly, Chew Stixx provide a safe chewing alternative to clothes, pencils, pens, etc.
 - Alternating textures simulate the ever changing textures of food
- Excellent oral motor stimulant and sensory hand fidget for special needs children
- High pressure molding system makes Chew Stixx extremely durable
 - All materials and coloring are FDA approved

Choking Hazard

This product is an oral motor device and not a toy

Product should be used only with adult or therapist supervision
Not recommended for use with children 9 months of age and younger
Discard at first sign of wear or damage

Gently clean with soap and warm water to prevent bacteria build up.
