## PLAY-BY-PLAY: THE LAST 2 MINUTES OF A TOUGH MUDDER COURSE

You just conquered 10-12 miles of Big Mudder's wrath – the only obstacle between you and the finish line is Electroshock Therapy. You pause to gather your cojones, then try to run through the live wires without getting shocked (impossible). You get repeatedly zapped with 10,000 volts of electricity, and it does NOT tickle. After dropping your fair share of f-bombs, you cross the finish line. You're greeted with an orange headband, a high-five and a Dos Equis beer.

You have just completed Tough Mudder, and you are among the elite group who have the honor of saying they've conquered probably the toughest event on the planet. What do you do next...?

## DOS EQUIS POST PARTY!

What's the next best thing to being a participant? Being a **volunteer!** It's like being courtside at an NBA game, except that LeBron is getting shocked by 10,000 volts of electricity. The Mudder Corps helps make Tough Mudder Probably the Toughest Event on the Planet.

#### VOLUNTEER REGISTRATION

[UK](#)

[Australia](#)

#### VOLUNTEER TASKS INCLUDE:

- Give mohawks and mullets to our insane participants
- Pump the crowd up at the start-line
- Make sure the mud is just the right consistency
- Keep the ice pits freezing cold
- Man the hydration stations
- Face-marking
- Help at registration
- Put hard-earned headbands on Mudders at the finish line
- Hand out tshirts & partner products in the finish chute

Some Saturday volunteers even sack-up and run the course on Sunday (at a discounted rate, of course). It's a pretty awesome club and membership is free, or less-than-free since you get cool stuff like t-shirts.
