Elves & More Sea of Bikes

WHAT WE DO

By partnering with school and community leaders, Elves & More is changing lives - one bike at a time. Providing bicycles to under privileged children allows them to get to after school events, tutors, mentors, and jobs.

Each child signs a contract with their teacher. If they meet the contract, they have earned a bike. Students who do not fulfill their contract do not receive a bike. While this is difficult, it also teaches valuable life lessons. [More...▶](#)

WE NEED YOU!

Through 2012 Elves & More has delivered over 126,000 bicycles to underprivileged children.

In 2013 we will give away our 135 thousandth bicycle to a child in the Greater Houston Area.

To reach our goal and to continue changing children's lives one bike at a time we need your help. Each \$50 donation buys a bicycle and gives one child a better chance of attending extra tutoring, an after school activity, and being with a Mentor that can positively direct their life. KEY MESSAGES

Founders Message

As our long-term supporters know, we've continually changed the way we describe our efforts, while continuing the same important work. Our latest description is "changing lives - one bike at a time."

What does that mean? In short:

- 1. At-risk children, 2. Education, 3. Intervention, 4. Health. [More...▶](#)

Help Build a Future

Elves & More is committed to helping children get out of poverty. By partnering with schools, parents, and you we are able to provide bikes to students who meet their contract. To do this, we need your help. Please consider a tax-deductible donation. Every \$50 allows us to help another student improve their reading skills. [More...▶](#)

Meet the Team

Our Core Team of volunteers give of themselves selflessly each year for two weeks averaging 14 hour days in an effort to get bikes into the hands of the children we serve. We SALUTE our Core team - without whom the program would not be successful. Contact Rebecca@ElvesAndMore.org for more information. [More...▶](#)
