

# LEADERSHIP TRAINING

The Unstuck Team provides leadership training for pastors and other ministry leaders through coaching networks. The coaching experience is built around simple and practical systems and tools to help you take your next steps as a leader. We'll take a look at best practices in growing, healthy churches. Together, we'll press into tough conversations to help you get unstuck in your leadership and ministry impact.

These coaching networks are focused on helping you discover the shifts that need to happen in your leadership and your ministry strategies and systems. You can't continue to use the same systems and strategies and hope to experience different results. The only way to get different results is to engage different systems. These coaching networks will challenge you to take those next steps.

## WHERE ARE THE NETWORKS?

There are two options for coaching networks in Atlanta and Phoenix. Tony Morgan facilitates the Atlanta gatherings, and Paul Alexander facilitates the Phoenix gatherings. Both groups meet once a month for six months. The next networks are scheduled to begin in October 2014. The Atlanta gatherings will be on October 17, November 21, December 19, January 23, February 27 and March 27.

## WHAT ARE OTHERS SAYING?

*"As a lead pastor this was incredibly awesome. Tony is a systems and process genius. Through Tony's network I was able to gain a better view of helping structure my vision, my dreams and better lead my team. This was a six-month commitment and well worth the time."*

*Michael Robison, Lead Pastor of Uncommon Church in Austin, TX*
