

O'Brien Construction - What We Do

A diverse range of products selected specifically to suit your needs and your budget.

O'Brien Construction Company has over 40 years of experience as a custom, design, build contractor.

Our seasoned professional staff has come to realize that a key component to a successful project is in the communications between the owner, design staff and the construction team. By establishing good communications with such techniques as team building and partnering, O'Brien Construction is able to convey the owner's expectations to all the other members of the design and construction team.

- Build realistic time tables.
- Communicate the project schedules through the use of short and long term schedules.
- Keep the design elements in line with the needs of the project.

We strongly believe that concise communication between our team
