I am so very pleased to have been able to listen to this on CD's. I have the book and have read parts

but, being a busy Mom of three children, one with Autism, among many of his talents, I do not read as much as I would like. The CD's were perfect. Everytime I got into my car, Jerry's voice would come on and I eventually was able to hear it all! I still listen to it, in case I catch something I may have missed! What a wonderful journey I am on. I actually get goose bumps, and chills all over my body when I hear Esther speak as Abraham! I am truly amazed at this process and look forward to continued progress! What a wonderful journey!

Thank you, Kathryn. I attended a psychic fair and during a reading, Kathryn kept coming back to my "knowing" she was told that I was gifted and the instructions to me were to begin to write things down and become more aware of my thoughts. She told me to familiarize myself with the teachings of Abraham. I began reading Ask and it is Given. I don't have much time to read so when I saw The Laws of Attraction on CD, I purchased it to listen to in my car - I travel alot...I love it...I am so ready to live the principles that Abraham explains. I have searched for higher meaning for years, always knowing that there is much more to this earthly presence than I was experiencing. I was so caught up in trying to know what the rules are and to live up to them. There are NO rules...we create our own experience - thats what I thought! i always told my children "your life is what you make it". With guidance from Abraham I am experiencing better things in my life by getting what I want and knowing where I am focusing my attention. Thank you Abraham!
