Finally I Get the Scalextric Slot Cars I Lusted for as a Kid!

As a youngster, I used to hang out at A.B. Charles Hobby Shop in Pittsburgh, PA. There, magnificent model planes hung from the ceiling, and a Lionel train circled the store. And in the front window, an incredibly realistic slot car set by Scalextric of England kept me enthralled right through adolescence. Each Christmas for years, I'd ask for a slot car set, but I never got it — until I gave up trying at 15. So imagine my surprise to discover that Scalextric survived, and is still producing the finest, most realistic slot cars imaginable. It took 40 years, but this Christmas I'm getting that set! *Lee Herrington*

The Set — We've chosen one of Scalextric's finest sets, with nearly 30 feet of flexible track that includes an exciting LeMans overpass and dangerous criss-cross chicane! Included are two ergonomic throttle controllers, a sinister black

Mercedes SLR McLaren, and a brilliant red Ford GT. Connect the electronic lap timer to the starting grid, and check the display as it counts down the number of completed laps for each lane. Also times lap speed and displays the fastest lap to the nearest tenth of a second — now *that's* realism!

The Cars

— Scalextric cars come in a large 1:32 scale that dwarfs ordinary slot cars in looks, handling, and realism. With practice, you can feather the sensitive hand throttle to

power-slide through tight apexes, bringing the rear end back into line if you break loose. Adjustable Magna-Traction lets you fine tune the suspension for ground-hugging performance on sweeping curves. Fit and

finish is superb, with real drivers, cockpit detailing and working headlights and brake lights — so you can race all night, just like the 24 Heurs de Le Mans! Includes spare Quick-Change pick-ups, easily replaced with a quick pit stop.

#E964 Scalextric Gran Turismo Slot Car Set — \$259.95

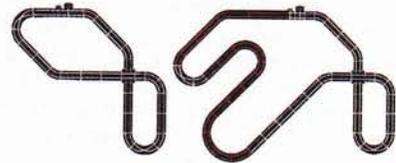

(with Mercedes Benz McLaren SLR & Ford GT)

#E965 Aston Martin DBR9/Porsche 911 GT3R Dueling Pair — \$99.95

#E966 Track Expansion Pack — \$149.95 (adds 20 feet of track to your layout; requires Performance Pack)

#E967 Performance Pack — \$99.95 (includes 2 Hair-Trigger Throttles; extra Hi-Performance Transformer; and Turbo-Booster Cables for greater speeds and finer control; required for extra track)

Herrington Customer Patents Breakthrough Bionic Wrench — Gives You a 6 Million Dollar Arm!

Dan Brown's been a loyal customer for years, so I was flattered when he asked us to help introduce his latest invention. Dan already holds 25 U.S. patents — so he's a proven innovator. But Bionic Wrench may be his best ever — receiving the prestigious Editor's Choice Award from the hard-to-impress folks at *Popular Mechanics*. Combining the best features of an adjustable wrench with the simplicity of pliers, Bionic Wrench *automatically* grips the most common sizes of U.S. and metric nuts and bolts. No more searching for the exact-size wrench for each project! Better yet, you gain a mechanical advantage unlike any other hand tool. Ordinary sockets grip only at the points of a bolt head. But Bionic Wrench grips equally along all 6 flat

sides, giving you 10-30x more surface-gripping power. In fact, Bionic Wrench easily removes nuts and bolts damaged by cruder tools. And it ratchets with ease, just by releasing and regripping. Nickel coating resists corrosion. So powerful you'll feel like the 6 Million Dollar Man! 6" model fits 14 bolts (SAE from 1/4 – 9/16 inch; metric from 7mm – 14mm). 8" model fits 16 bolts (SAE from 7/16 – 3/4 inch; metric from 11mm – 20mm). 10" model fits 18 bolts (SAE from 3/4 – 1 1/4 inch; metric from 19mm – 30mm).

Bionic Wrench:

You Won't Freeze Your Fingers in Wet Snow Or Bitter Wind, With Our Wonderfully Warm, Yet Comfortable, Mt. Washington Glove.

Our Mt. Washington Gloves are made for us by Swany, one of the most respected names in extreme winter gloves. They're named after New Hampshire's majestic Mt. Washington, whose summit remains one of the fiercest, coldest, and windiest spots on earth! With an innovative insulating liner of Dupont Thermolite®, the Mt. Washington Glove keeps hands and fingers toasty warm — without the stiffness or bulk of ordinary, heavy gloves. Engineered for loft, warmth, moisture control, and stretch, Thermolite creates a cozy

environment for your hands! Curved-finger construction gives you natural

— even a nose-wipe patch of soft ultrasuede. Men choose black/grey or all black; or black/grey or all black leather in sizes S-XL; women choose cream/rust, black/grey, or all black in sizes S, M, L.

COMMERCIAL STEAMER.

The most effective way to remove wrinkles from clothing, tablecloths, upholstery and drapes, this simple and solidly built steamer is safe for all fabrics. Unlike irons that compress and scorch fibers, steam relaxes fabric. The speedy unit produces steam in about 90 seconds and holds enough water to steam for 90 minutes. Includes 6"-wide, high-impact plastic handle on a 5/8" flexible hose. Made in U.S. 5 1/2" H x 7 1/2" W x 13" L. (17 lbs.) 60276G \$199.95

Large Capacity Commercial Steamer.

As above, with 15% more steam output for larger jobs. Has built-in sight gauge and 1,500-watt heating element. Stainless steel boiler tank with cast aluminum outer housing. 5 1/2" H x 10 1/2" W x 18" L. (28 lbs.) 60186G \$349.95

THE HIGH-CAPACITY PORTABLE TEETH CLEANER.

Our water jet dental cleaner has 80% more water capacity in its self-contained reservoir for longer, more thorough use. The battery-powered cleaner goes anywhere, and sets up in seconds. It has an easy-grip handle, pulses a powerful 1,600 times a minute, and cleans your mouth in 35 seconds. Detachable, angled nozzle pinpoints all corners of the mouth. With internal nozzle storage and 165 ml reservoir. Requires two AA batteries. 9" H x 1 1/2" W x 2 1/2" L. (7 1/2 oz.) 67725G \$49.95

THE HANDYMAN'S CHROME VANADIUM TOOL SET.

Housed in a sturdy and well-organized case, this 107-piece tool set has sockets and wrenches made of chrome vanadium, a metal compound stronger and more brittle than carbon steel. Tools are held secure with elastic straps. Sockets have foam inserts to protect them. Dent-resistant aluminum case. 6" H x 18" W x 13" D. (21 lbs.) 68218G \$199.95

THE BIONIC WRENCH SET.

Winner of a *Popular Mechanics* Editor's Choice award, this is the tool that combines the versatility of an adjustable wrench with the simplicity and ease of use of a pair of pliers, surrounding a bolt or nut on all sides to grasp up to 30X more surface area than typical wrenches or pliers for increased gripping efficiency with reduced effort. The patented six-sided mechanism fits both metric and SAE size bolts, and eliminates stresses normally exerted on the corners of a bolt by standard wrenches. The cushioned squeeze handle multiplies your hand strength, making it easier to tighten and loosen, and the wrench can be quickly repositioned on a bolt simply by releasing the grip, turning, and re-gripping. Hardened, cold-rolled steel-laminate construction has a black oxide finish. Set of two: 8" wrench works on SAE sizes 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, and metric sizes 11 to 20 mm. 6" wrench works on SAE sizes 9/16, 1/2, 7/16, 3/8, 5/16, 1/4, and metric sizes 7 to 13 mm. (3/4 lb.) 73207G \$57.95

THE EASY MOUNT WINDOW CAT DOOR.

Installed like a standard window air-conditioning unit, this cat door provides your cat independent access to your home without the need for you to open and close a door. The box door fits single or double-hung vertical windows 24" to 36" wide, and installs without renovations. Inside there is a switchback corridor lined with a series of vinyl curtains that act as an airlock baffle to minimize heating or cooling loss and block wind. A door can be closed at your convenience. The entrances have removable weather-resistant carpet floors that can be washed, and the exterior is made of sturdy ABS plastic. Minor assembly. 9" H x 27 1/4" W x 23" D. (14 lbs.) 72475G \$99.95
