Our Mission

It is the mission of Therapeutic Touch International Association (TTIA) to lead, inspire and advance excellence in Therapeutic Touch® as a healing practice and lifeway.

Who We Are

Therapeutic Touch® is a holistic, evidence-based therapy that incorporates the intentional and compassionate use of universal energy to promote balance and well-being.

Where We Started

Therapeutic Touch has been a part of research-based practice since its development. Dr. Krieger's initial research demonstrated that the Therapeutic Touch interaction could increase hemoglobin levels in recipients as previous studies had indicated that chlorophyll content could be increased in healer treated plants.

The President's Place - August, 2013

Being part of the Therapeutic Touch® world is always full of surprises and Aha! moments. Over the years I have experienced them when offering a TT session, when receiving TT, or even when dialoguing with fellow TT therapists. Recently our ... [Continue reading →](#)

Cooperative Connection Newsletter Spring 2013 What do you Charge?

During a recent Boston TT Practice Group session one of the TT Practitioners asked for some feedback from others on how much to charge when doing a Therapeutic Touch session with a private client. Some of the responses were really interesting ... [Continue reading →](#)
